Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I need a better way to learn concepts. • I want quick answers to my doubts. • I need personalized study support.	THINKS • Learning should be more interactive. • Finding relevant study material takes too much time. • AI can help improve my learning experience.
PERSONA NAME <i>Student</i>	
DOES • Searches online for study resources. • Watches educational videos. • Uses notes and reference materials for learning.	FEELS • Frustrated when concepts are difficult to understand. • Overwhelmed by excessive study materials. • Motivated when learning becomes easier and personalized.
